FOREWORD

The Nagaland Heritage Studies (NHS) is a series of 18 officially recognized Nagaland languages from classes 1 up to 8. These books aim to teach the Nagaland Languages using local culture and heritage as its content base and also promote cultural richness of every tribe and community. The introduction of the Nagaland Heritage Studies in the State's schools from 2018 was in consonance with the guidelines of the National Curriculum Framework (NCF) 2005. The Nagaland Heritage Studies textbooks revised edition covers the learning needs of the students which have added meaningful illustrations. The NHS textbooks are evolving to better language learning of Mother Tongue which is the core basis of one's identity, history and culture.

The State Council of Educational Research and Training & SCNL would like to express gratitude to Professor D. Koulie for his contributions.

We would also like to acknowledge the Department of Arts and Culture, DIPR, all Literature Boards, Tribal Hohos, and the individuals concerned for their contributions towards the development of Nagaland Heritage Studies Textbooks.

The Council & SCNL also wishes to extend its gratitude to Smt. Kevileno Angami, Commissioner & Secretary, Government of Nagaland, SCERT and School Education for sharing valuable suggestions towards improving/updating of Nagaland Heritage Studies textbooks.

Lastly, appreciation goes to SCERT and SCNL team members who have worked hard in completing the NHS textbooks revision on time.

Dated: Kohima the 7th of November 2022.
