

TIME

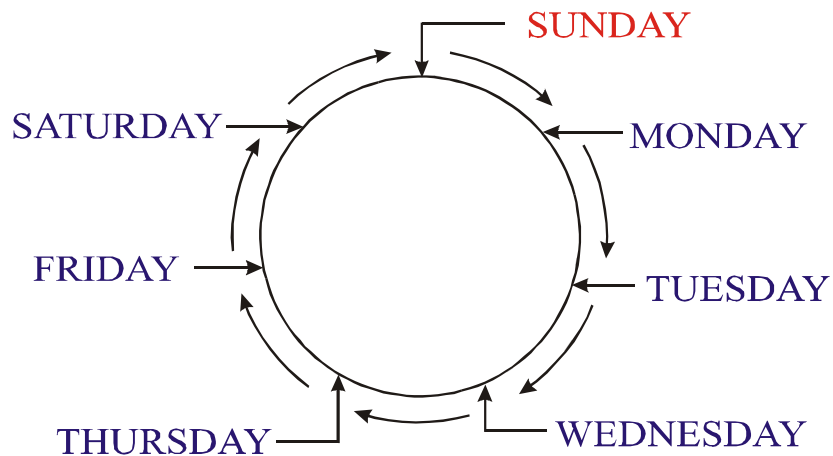

DAYS IN A WEEK

There are seven days in a week.

	English	Manipuri
First day	Sunday	Nongmaijing
Second day	Monday	Ningthoukaba
Third day	Tuesday	Leibakpokpa
Fourth day	Wednesday	Yumsakeisha
Fifth day	Thursday	Shagolsen
Sixth day	Friday	Irai
Seventh day	Saturday	Thangja

Seven days make a week.

The seven days form a cycle and repeat forever as seen in the following figure.

With reference to the above cycle you can answer the following :

Which day of the week is the first day ?

Which day of the week is the last day?

Which day of the week is the second day?

Which day comes after Wednesday?

Which day of the week lies in between Friday and Sunday?

Which day comes after Saturday?

Answer the following :

1. How many days are there in a week ?
2. What is the name of the first day of a week ?
3. What is the name of the fifth day of a week ?
4. What is the name of the last day of a week ?
5. What is the day which comes before Wednesday ?
6. What is the day which comes after Friday ?
7. Which day lies between Sunday and Tuesday?
8. Name the days that come between Sunday and Saturday.
9. Write the name of the day on which you were born?
10. Write the name of the day on which you first attended your school.
